

```
1
#include <stdio.h>
#include <stdlib.h>
#include <sys/stat.h>
5
int main() {
7 char filename[] = "file.txt";
8
9 int new_permissions = S_IRUSR | S_IWUSR | S_IRGRP | S_IWGRP | S_IROTH; // rw-rw-r--
10
11 if (chmod(filename, new_permissions) == 0) {
12     printf("File permissions changed successfully.\n");
13 } else {
14     perror("chmod");
15     return 1;
16 }
17 return 0;
}
```

File permissions changed successfully.
