30         printf("Enter your choice: ");
```

Output

```
Employee Database Menu:
1. Add Employee
2. Display Employee Details
3. Update Employee Details
4. Exit
Enter your choice: 1
Enter Employee ID: 101
Enter Employee Name: John
Enter Employee Salary: 75000.50
Employee details added successfully.

Employee Database Menu:
1. Add Employee
2. Display Employee Details
3. Update Employee Details
4. Exit
Enter your choice: 2
Enter Employee ID to display: 101
Employee ID: 101
Employee Name: John
Employee Salary: 75000.50

Employee Database Menu:
1. Add Employee
2. Display Employee Details
3. Update Employee Details
4. Exit
Enter your choice: 3
Enter Employee ID to update: 101
Enter Employee Name: John_Doe
Enter Employee Salary: 82000.00
Employee details updated successfully.

Employee Database Menu:
1. Add Employee
